OBJECTIVE:

Detail-oriented Computer Science graduate with hands-on experience in full-stack development. Skilled in developing scalable, high-quality applications and optimizing software solutions. Eager to leverage full-stack skills in developing scalable applications and enhancing user experiences in fast-paced development teams.

EDUCATION:

Sri Vasavi Engineering College

B.Tech in Computer Science and Technology (2022 - 2026) CGPA: 8.35

INTERNSHIP:

Full Stack Development Intern – Learn Square Training Portal

- Built a responsive front-end using React, significantly improving user engagement and reducing bounce rate.
- Developed APIs with Node.js/Express, optimizing system performance and reducing load times.
- Integrated MongoDB/MySQL, enhancing data retrieval speed and improving overall system efficiency.
- Deployed applications on Heroku, streamlining the deployment process and improving time efficiency.

PROJECTS:

Resolve Radar- Efficient Solutions for Grievances

- Developed and structured a web application to automate administrative tasks
- Applied role-based access control for different user roles (e.g., admins and users).
- Integrated REST APIs to ensure secure and efficient data exchange.
- Focused on improving backend scalability and automating server-side operations.

Personalized Trip Planner using GenAi

- Built a personalized trip planner with filters for destination, budget, travel dates, and preferences.
- Structured a scalable SQLite schema to manage trip data, including destinations and itineraries.
- Enabled real-time trip comparison features based on user-selected criteria.
- Optimized query performance for efficient retrieval of personalized trip recommendations.

TECHNICAL SKILLS:

Programming & Web Technologies: C, Java, Python, HTML, CSS, JavaScript

Data Analysis Tools: Excel, Power BI, SQL, Pandas, NumPy

Frameworks & Libraries: Spring Boot, Django, Node.js, React.js

Domains: Machine Learning, Deep Learning

Databases: MySQL, DBMS

Tools & Technologies: GitHub, IntelliJ, VS Code, Postman, Jupyter Notebook

CERTIFICATIONS:

- Certification for completion SAP Certified Associate Back-End Developer(ABAP)
- Certification for completion Oracle Cloud Infrastructure AI Foundations Associate
- Certification for completion Salesforce Agentforce Specialist
- Certification for Data Analyst for Simulation
